Report of Principal and School Improvement Council

We have enjoyed another productive year at Pee Dee Elementary School! Our students, teachers, and parents have worked together and progressed towards meeting the performance goals included in our school strategic plan. While we realize there is room for improvement, we are so very proud of the gains we have made this year! Teachers have used standards based instruction, met during common planning sessions, attended study groups, and analyzed student assessment data to personalize instruction for each child. Continuous progress monitoring allows us to know where all of our children are academically at any given point in the year. This information is then used to provide additional support or acceleration.

Teachers recognized intentional planning, reading more complex texts and developing mathematical concepts as areas that required additional support. To assist teachers in teaching reading, they attended study group and common planning sessions to learn more about best practices and worked side by side with our curriculum coaches to put this new learning into action. To provide support in math, teachers worked with a math specialist and in teams to analyze misconceptions and develop common vocabulary that would help our children better understand and apply mathematical thinking.

Students were provided many opportunities to show their learning through technology, multi-media displays, argumentative writing on document based questions (DBQs), cooperative learning activities, and classroom discussions. It is amazing to see and hear the level of thought and understanding our students are developing! The Pee Dee Elementary chorus received an Excellent rating at the Carowinds music festival and one student was selected to participate in the state's honors choir. All fourth and fifth graders had their own laptops and iPad carts were available for use with classroom instruction in the other grades. Our Robotics Teams competed in the Tech Fair and had a notable showing. Kiwanis Kids and Student Council provided leadership opportunities for our students while supporting our student body with peer mentoring, teacher help and hygiene kits. Our Live Hive news included daily updates as well as PSA's on a variety of topics from our third, fourth, and fifth graders. Our Buzz Power after school tutoring program sponsored by a 21st Century Learnig Grant provided additional support and experiences to many of our second and third grade students.

Parents are valued assets who partner with teachers and staff to increase student learning. This year, we have focused on strengthening family involvement by inviting parents in before, during, and after school to share in our learning community. We have enjoyed tremendous success with programs such as Grits for Grandparents, Field Day, Fine Arts Day, awards days and holiday celebrations. We also continued to support parents through our Home School Facilitator. Volunteers continued to play an important role within the school with more involvement than ever. PTO led the way with raising funds to help support our traditional ballroom dancing with our fifth grade, campus beautification, staff appreciation and sponsoring additional opportunities within our school. The Conway community met throughout the year to establish a foundation of direction to include: Technology, Leadership and College/Career Readiness. Eight schools = one community is a winning formula for all the students at Pee Dee Elementary.

Through partnerships with teachers, parents, and community members we are continuously analyzing data, identifying areas of concern and creating and employing new strategies to help children access their learning potential. At Pee Dee Elementary we are a community of learners working together for our children so they can BEE all they can BEE!

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	80.7
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

Pee Dee Elementary has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
X	Title I School - does not qualify as Reward, Focus or Priority School.
	Non-Title I School - therefore the designations above are not applicable.
